

DOORS

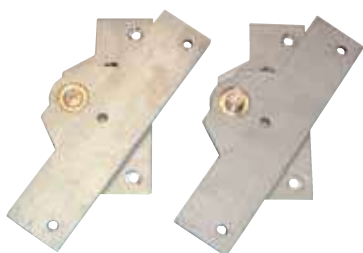

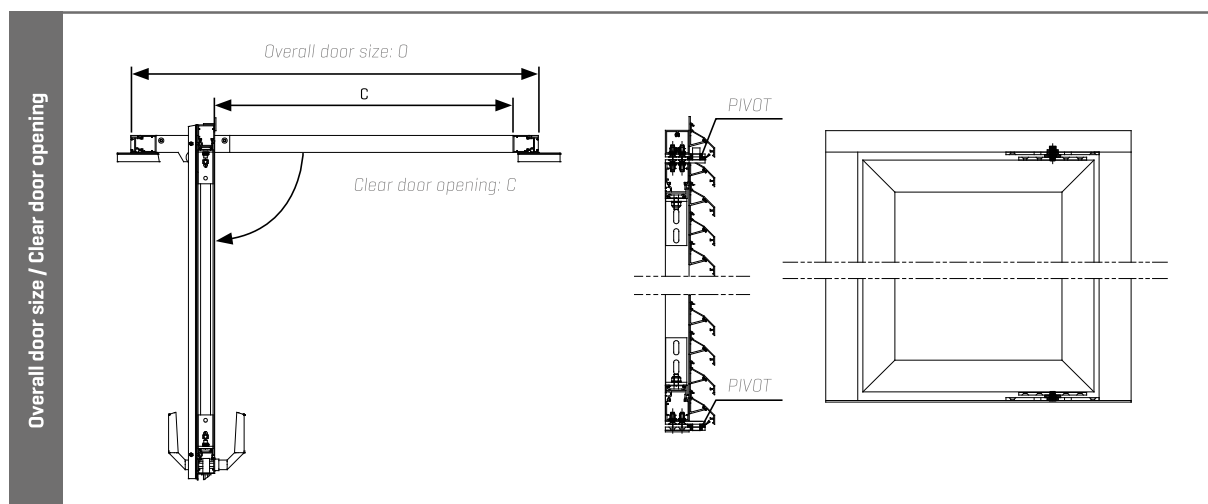

Renson® offers single or double doors in custom made sizes, opening inwards or outwards. In some cases, access behind the continuous louvre system is required, for example to maintain and service [hidden] industrial appliances. The doors are fitted with locks, pivots, handles and restraining chain upon specification.

DIFFERENCE BETWEEN OVERALL SIZE [O] AND CLEAR DOOR OPENING [C]

Blade type:	L.033 / L.033.08		L.033V		L.050 / L.050HF		L.060AC / L.060HF		L.065AL		L.066 / L.075HF	
O - C (mm)	single	double	single	double	single	double	single	double	single	double	single	double
Opening outwards	259,5	399	259,5	399	259,5	399	279,5	439	259,5	399	259,5	399
Opening inwards	218	-	237	-	238,5	-	275,5	-	246	-	252,5	-

Blade type:	L.066P		L.066V		L.120		L.150ACS	
O - C (mm)	single	double	single	double	single	double	single	double
Opening outwards	259,5	399	259,5	399	309,5	499	539,5	959
Opening inwards	252,5	-	246	-	288	-	365	-

Please note that the actual opening [C] is smaller than the total door size [O] due to the pivoting mechanism. The position of the pivot system will in turn depend on the total load of the louvre door. Renson® can assist you in determining the correct sizes.

One can choose between none, a single or a double door handle. If you choose not to fit a door handle you can open and close the door with the key to the lock. The handle can be a fixed door knob or a standard handle. It is important to specify the handle type.

Accessories such as door dampers, storm chain,... are available on request.

standard solution

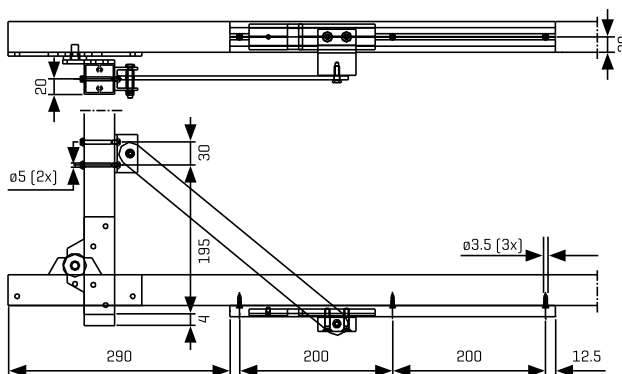

Technical drawing of a standard door handle assembly. It shows a cross-section of the handle and its mounting plate. The handle is a simple, curved lever. The mounting plate is rectangular with a central slot for the handle's base. The drawing is a line drawing with no shading.

Single handle

Technical drawing of a single handle assembly. It shows a cross-section of the handle and its mounting plate. The handle is a simple, curved lever. The mounting plate is rectangular with a central slot for the handle's base. The drawing is a line drawing with no shading.

A door restrictor is available as an option
